Submitting applications is easier...with E-App!

You can complete and submit online applications with E-App tools designed specifically for:

- **Medicare Supplement**
- **Protection Series℠:**
  Cancer and Heart Attack or Stroke, Home Care Plus, Hospital Indemnity, Hospital Indemnity Flex, and Recovery Care

NOTE: The E-App tool for Medicare Supplement is a separate E-App tool than the Protection Series℠. All products are not available in all states.

Did you know that over 60% of applications are submitted via E-App?

Join the thousands of other agents who are enjoying the benefits of going paperless:

- **One login** – from aetnaseniorproducts.com to the E-App tool

- **Multi-device capability** – runs on laptops, desktops, and tablets

- **Voice and electronic signature options** – the choice is yours...call our automated system, conduct a point-of-sale interview with voice signature, or choose from other electronic methods

- **Applicant specific guidance** – based on question responses, you only see the sections and plans specific to an applicant

- **In-good-order applications** – key information (accurate data) required in each step results in smooth processing

- **Fast communications** – applicant email address capture enables quicker interactions (This is not a required field but it does help to complete.)

- **Submit in real time** – click to submit the required documents and we receive them immediately to begin processing

- **Rapid visibility to submitted applications** – view under your Pending New Business online report within 30 minutes

- **Receive commissions faster** – no delays waiting on missing information

- **Quick start** – begin using now with the help of our online guide

To start using (and enjoying!) the E-App tools* today, go to **aetnaseniorproducts.com**, agent side home page/E-App. If you have any questions about the E-App tools or how to get started, contact our Agent Services team at **800-264-4000**, option 3, then 1. **We're here to help!**

*These tools are part of "live" systems. Therefore, please do not "submit" test applications as they WILL be processed.
